

## CAMPAIGN TOUR OF HENRY G. DAVIS

One Through Maryland and West  
Virginia Was Begun in  
Baltimore

IMMENSE AUDIENCE PRESENT.

Question is, Shall High Officers of  
Government be Limited in Exer-  
cise of Their Power?

Baltimore, Md., Oct. 10.—The cam-  
paign tour of Henry G. Davis, Demo-  
cratic vice presidential candidate,  
through Maryland and West Virginia  
was begun here tonight with an im-  
mense gathering of Democrats in Lyric  
hall. Thousands unable to gain ad-  
mission to the hall were addressed at an  
overflow meeting in the street.

The proceedings were marked by  
great enthusiasm from first to last.  
Senator Davis received an enthusiastic  
ovation upon his appearance, as did two  
venerable ex-governors and Senator  
William Pinckney Whyte, David B.  
Hill, Senator Gorman and Senator  
Daniel, all of whom made speeches and  
all of whom, with the exception of  
Senator Gorman, will accompany Mr.  
Davis on his tour.

Senator Gorman presided and intro-  
duced Mr. Davis as "the young man  
of the hour." Mr. Davis said: "We are now in the  
midst of a presidential campaign in  
which the people are called upon to  
determine whether officers in high  
places in the government are to be  
limited to their official action by the  
Constitution and the laws or to be  
governed by a spirit of extravagance,  
party advantage and domination. The  
Democratic party has been called by  
its political opponents a party of strict  
constructionists. No greater com-  
mitment could be made. The party is  
more needed at the present time than  
any other recognizes fully the restric-  
tions and limitations of executive au-  
thority and action."

"The people will have to decide  
whether the policy is to be continued  
of permitting the partisan participation  
in the work of the election by a hun-  
dred thousand salaried office holders,  
including members of the cabinet. The  
civil service law, its rules and regu-  
lations are being set at naught, and  
the army of government employees is  
laboring for the continuance in power  
of the present administration. This can  
be done only at the neglect of their  
duties and to the detriment of the pub-  
lic service."

The assigned the present adminis-  
tration for undue extravagance, charac-  
terizing that the present executive "went  
into the office three years ago with an  
overflowing treasury, and in the records  
exceeding the expenditures yet for the  
last fiscal year there was a deficit of  
\$11,000,000 and if we add the six or  
seven million dollars received from the  
Pacific railroad the deficit nearly \$16,  
000,000."

D. B. HILL SPEAKS.  
David B. Hill followed Senator Davis  
in a speech of great length, but was  
listened to with marked attention  
throughout and was frequently ap-  
plauded. He began his remarks by  
severely criticizing President Roosevelt  
for appointing his private secretary to  
the department of commerce for the  
palpable purpose of "acquiring much  
valuable information which might be  
utilized in obvious ways in the cam-  
paign to the political advantage of the  
party in power" and then making him  
the chairman of the national committee  
to especially represent the candidate  
himself.

"From that date to the present," said  
Mr. Hill, "Chairman Cortelyou has been  
diligently soliciting campaign funds  
from the very corporations whose busi-  
ness operations and secret affairs he  
had recently been investigating. The  
purpose is evident. It partakes some-  
what of the nature of the blackmail  
system. It is a scheme to utilize of-  
ficial information secured through of-  
ficial power to compel political contri-  
butions."

## Do you know "The Song of Sixty Years?"

There are four verses. Verse  
1. Ayer's Hair Vigor makes  
the hair grow. Verse 2.  
Ayer's Hair Vigor stops  
falling hair. Verse 3. Ayer's  
Hair Vigor cures dandruff.  
Verse 4. Ayer's Hair Vigor  
restores color to gray hair.  
Sold for 60 years.

The situation constitutes a  
grave scandal which cannot be ignored  
nor condoned. It has no parallel in  
the history of the country.

Senator Hill declared that the St.  
Louis platform "covered the living is-  
sues now before the country."

He discussed the tariff question in  
much detail, defining the Democratic  
attitude to be taxation for revenue and  
that of the Republicans taxation for  
protection.

THE SMOOT INQUIRY.  
Senator Daniel charged that the  
Smoot inquiry in the United States  
Senate was postponed until after the  
election in order that Utah might be  
delivered to the Republicans.

Mr. Davis and Mr. Hill also addressed  
the overflow meeting.

The special train conveying Senator  
Davis and party will leave here at  
8:10 a. m. tomorrow enroute through  
Maryland and West Virginia. The cam-  
paign tour will end at Bluefield, W. Va.,  
on Oct. 18.

## HUNDRED WORKMEN BURIED BY FALLING WALLS

Santiago, Chile, Oct. 10.—One hun-  
dred workmen were buried by the fall  
today of walls in the course of erec-  
tion for an extension of the Casa Pra-  
dora in this city. Up to the present  
75 corpses and 40 wounded have  
been removed from the ruins. The  
brigade has been called out to assist  
in the removal of the dead and wound-  
ed. The walls, which were constructed  
of iron and cement, had reached a  
height of four stories. There is much  
indignation against the architect who  
planned and had charge of the work.

## Kelly and Gutke Plead Guilty

St. Louis, Oct. 10.—Charles F. Kelly  
and Charles F. Gutke today pleaded  
guilty to bribery in connection with  
the suburban railway deal in the house  
of delegates. They will not be sen-  
tenced, as it is the intention of Circuit  
Atty. Folk to move on state wit-  
nesses in other cases.

## Mr. Cleveland Will Preside

New York, Oct. 10.—The following  
announcement of Grover Cleveland's  
appearance at a political meeting in  
this city was made at Democratic na-  
tional headquarters today:  
"The Business-men's Parker and Da-  
vis association, whose membership is  
drawn from the leading business men  
of New York, have arranged to hold a  
mass meeting in Carnegie hall on Oct.  
21. Ex-President Cleveland has so far  
overcome his disinclination to make a  
speech during the canvass that he has  
consented to preside at this meeting.  
It is, however, fully understood, both  
by the national committee and by his  
friends, that this appearance of the ex-  
president will be the only one he will  
make as a speaker during the cam-  
paign. The principal speech of the  
evening will be delivered by ex-Secy.  
of the Treasury John A. Carlisle and it  
is expected that this meeting will be  
the most important one held by any party  
in New York during the pending cam-  
paign."

## EXCLUSION OF CHINESE.

## Secy. Hay and Chinese Minister Considering a New Treaty

Washington, Oct. 10.—Secy. Hay and  
Sir Cheng Tung Liang, Chinese am-  
bassador, have begun to lay the foundation for  
a new Chinese exclusion treaty and it is

expected that the convention will be  
ready for submission to the senate at  
the approaching session. The treaty  
will, it is understood, replace all exist-  
ing laws on the subject. It is the inten-  
tion to continue in full force in the  
treaty the principle of the exclusion of  
Chinese coolies and the Chinese gov-  
ernment itself is perfectly willing that  
this should be done. But the treaty  
will contain provisions regarding the  
much needed, and earnestly sought for  
by the Chinese government for many  
years, looking to a more considerate,  
liberal and kindly treatment of the  
higher class of Chinese seeking to en-  
ter our ports.

## Bryan Will Speak in Ohio.

Columbus, Ohio, Oct. 10.—W. J.  
Bryan has re-considered his decision  
not to speak in Ohio during the cam-  
paign, and will make a flying trip  
across the state from Wheeling to  
Hamilton on Oct. 24. He will speak  
from the special train on which he will  
travel at New Philadelphia, Wooster,  
Londonville, Mansfield, Bucyrus, Upper  
Sandusky, Forest, Ada, Lima, Delphos,  
Van Wert, Celina and Greenville. He  
will speak at Hamilton in the evening.

## GEN. FUNSTON'S REPORT.

## He Favors Increased Pay for Enlisted Men.

Washington, Oct. 10.—Brig.-Gen.  
Frederick Funston, until recently com-  
manding the department of the Colum-  
bia, in his annual report says that ad-  
ditional observation and conversation  
with officers confirm him in the views  
expressed in his last report that there  
should be a substantial increase in the  
pay of the enlisted men of the army.  
Gen. Funston says:

"There can be scarcely a doubt that  
such action would bring into the army  
a vastly superior body of men who  
would remain in the service. It is  
doubtful if an increase over present  
rates of pay of 50 per cent for non-  
commissioned officers and 20 per cent  
for privates would be more expensive  
than under present rates when so much  
time and money are wasted in trying to  
make soldiers out of the inferior class  
of men who constitute at least half of  
the rank and file of the army today."

## Jews Petition Prince Mirsky.

St. Petersburg, Oct. 10, 6:25 p. m.—The  
Jews have petitioned Prince Sviatopolk-  
Mirsky, the minister of the interior, to  
extend the imperial ukase of Aug. 24,  
allowing the relatives of Jewish soldiers  
serving at the front to live in any part  
of Russia in the families of such sol-  
diers who are killed. The petition  
claims that 27,000 Jews are now serving  
with the army in the far east.

Peter Zeaton of New York, who has  
been here for some months in behalf  
of religious liberty, has had a satisfac-  
tory interview with the interior minis-  
ter on the subject and is now leaving  
for his post at Tabriz, Persia, where  
he will engage in missionary work.

## Indicted Man Suicides.

New York, Oct. 11.—Fred J. Kefferty  
of Atlantic City indicted for killing  
John Biddle in a quarrel over the lat-  
ter's wife here last May, has committed  
suicide in jail at Moy's Landing, N. J.,  
by cutting his throat.

Kefferty boarded with Biddle. The  
latter became jealous, a quarrel arose  
and he was shot to death. How Kefferty  
procured the razor with which he  
killed himself is a mystery.

## Powder Magazine Explodes.

New York, Oct. 11.—A powder mag-  
azine at the fort on Cochin island has  
exploded, says a Herald dispatch from  
Pointe A Pitre, Guadeloupe. One man  
was killed. Fortunately a chamber  
containing 3,000 15-pound shells did not  
explode.

## Leadville Papers Sold.

Leadville, Colo., Oct. 11.—The Lead-  
ville Herald-Democrat and the Evening  
Chronicle, owned by the widow of the  
late Jacob O. Heimbarger, have been  
purchased by Messrs. James M. Knight  
and Henry C. Butler, both practi-  
cally new men who have been connect-  
ed with the paper for a number of  
years.

## MANY DEATHS FROM WHISKY.

From One Saloon Dead With-

## POLICE WORKING ON CASES.

Was Secured From a "Barrel House"  
In New York—May Have Con-  
tained Wood Alcohol.

New York, Oct. 11.—Acting under in-  
structions from the coroner the police  
have taken into custody Rudolph  
Fritzsche, who keeps a little saloon at  
723 Tenth avenue. Fritzsche is charged  
only with being a suspicious person, but  
the police say that in his saloon,  
it is suspected, whiskey was sold which  
contained poison and that this whiskey  
is responsible for the many deaths that  
have occurred in the neighborhood re-  
cently. Fritzsche only recently bought  
the place, which is of the variety gen-  
erally described as a "barrel house." Whiskey  
is sold there in large quantities  
and at a low price. The leading  
brand was drawn from barrels upon the  
application of a purchaser. People  
in the neighborhood carried their flasks  
to the saloon and had them filled.

Investigation of the numerous deaths  
in the neighborhood during the past  
two weeks showed that nearly all those  
who had died lately were customers  
of the "barrel house." Fritzsche, after  
being taken to the station house, was  
quickly admitted to bail. He returned  
to the saloon but the police followed,  
collected evidence and the proprietor and  
colored the doors.

Twenty-five persons living in the  
neighborhood, all of them of middle age,  
have died within the past two weeks.  
The symptoms were in the main iden-  
tical. They were characterized by the  
attendant physicians in all cases as  
those of alcoholism. In the past 24  
hours one death, that of Robert Smith,  
has been reported, while the follow-  
ing awaited burial:

Michael McLaughlin, aged 45; died Sun-  
day.

Charles McLeavy, aged 40, died Sun-  
day.

William Drain, aged 39, died Friday.  
Adolphe Lemann, died Sunday.

These persons resided in a cir-  
cumscribed territory. Lehman's stom-  
ach and a bottle of whiskey purchased  
in the neighborhood were taken to the  
health department for an analysis. The  
result of which has not yet been made  
public.

A doctor living in West Fourth street  
who was called to attend several of the  
persons mentioned said that while the  
cases had been seen plainly enough  
alcoholism, there was yet something  
peculiar in an outbreak of the ailment  
so circumscribed a territory.

"I was called," he said, "to see Mc-  
Leavy. McLaughlin lay dead of the same  
disease in a room just across the hall  
when I got there. I found McLeavy was  
already dead when I arrived. It would  
appear as though there had been some-  
thing in the form of alcoholic bever-  
age they had been taking which had  
a powerful effect in hastening the  
heart's action. I found that in the  
heart's action of several who died they had  
been in the habit of buying whiskey at  
the rate of ten cents a pint and that in  
some instances they drank great quan-  
tities, pouring it out into ordinary  
drinking tumblers and pouring it down  
their throats. It was water. It is barely  
possible the whiskey was made of wood  
alcohol."

Coroner Scholer has ordered the chief  
statistician of the department of health  
to furnish him a list of all persons who  
have died during the past three months  
in the district lying between Forty-  
sixth and Fifty-third streets, Ninth  
avenue and the North river. All will  
be investigated and if it is thought ad-  
visable in any instance, bodies will  
be exhumed.

A report submitted later to Police  
Capt. Hussey by the department of  
health analyst alleges that wood al-  
cohol was found in Lehman's stom-  
ach, and it is further alleged that a  
bottle of whiskey purchased by a de-  
tective also contained a large per cent-  
age of the wood alcohol.

Determined that no mistake should  
be made, Coroner Scholer at once or-  
dered that the coroners of McAuliffe  
and McLeavy be postponed and their  
stomachs analyzed. Samples also were  
taken from seven barrels of whiskey in  
Fritzsche's saloon, and the police took  
entire charge of the place. Capt.  
Hussey, in a statement regarding the  
affair, said:

"In each case of death I learned that  
friends of the persons who died suspect-  
ed that the liquor bought at this saloon  
had something to do with their illness."

"In every instance I found that the  
persons who died had become ill soon  
after drinking whiskey, either at the  
bar or from flasks which were sold to  
them there."

Coroner Scholer said he had worked  
night and day since Sunday to run  
down the reports of deaths due to poi-  
soning by Fritzsche's whiskey.

"I do not want to be an alarmist,"  
he said, "but Fritzsche is not alone con-  
cerned in this matter. I am confident  
that the same sort of liquor will be  
found in other saloons and that many  
deaths will be traced to that source."

An assistant district attorney has  
been detailed to take action in this case  
at once in conjunction with the coroner  
and the police.

## Will Support Coal Dealers.

Cincinnati, O., Oct. 10.—The Employ-  
ers' association executive committee, af-  
ter a protracted discussion of the  
coal strike situation, today issued a  
statement declaring that the associa-  
tion will support the coal dealers to the  
last in the present conflict and will,  
if necessary, raise \$100,000 to break up  
the strike. The association will not  
consent to arbitration nor to confer  
with strike supporters. The reasons  
given are that the union is endeavoring  
to enforce a closed shop, which the  
committee declares is un-American and  
against the interest of the public.

## GROVE HURLBUT DEAD.

## One of the Most Remarkable Characters in Berkshire Hills.

Pittsfield, Mass., Oct. 11.—Grove Hurl-  
but, one of the most remarkable charac-  
ters in the Berkshires, is dead at his  
home here. Hurlbut was 84 years  
old. He could neither read nor write  
but amassed a fortune estimated at  
\$100,000 through shrewd trading.

Hurlbut was well known to  
thousands of summer visitors in Pitts-  
field, walked about the business streets  
in old, ragged clothing.

Hurlbut was a sailor in early life and  
is said to have related many stories of  
being killed in knife fights in which he  
participated. Horse trading and real  
estate dealing were the source of his

## CATHOLICS AND FRANCE.

## M. Ollivier Explains Cause of Trouble Between Them.

Rome, Oct. 11.—M. Emile Ollivier, the  
French advocate and politician, in the  
course of an interview attributes most  
of the Catholic troubles in France to  
the bad idea of the papacy in 1890 of  
interfering in the domestic policy of the  
republic and ordering the Catholics,  
who were mostly monarchial tenden-  
cies, to accept the new regime. This  
caused the disorganization of the Catho-  
lics who have not succeeded in re-or-  
ganizing.

M. Ollivier thinks the denunciation  
of the concordat impossible, the French  
government, he says, having against it  
a great mass of the faithful, especial-  
ly women, whom it cannot afford now  
that three questions, those of the mil-  
itary, finance and the working men, need  
to be solved.

## Some Seasonable Advice.

It may be a piece of superfluous ad-  
vice to urge people at this season of the  
year to buy a supply of Chamberlain's  
Cough Remedy. It is almost sure  
to be needed before winter is over, and  
much more prompt and satisfactory re-  
sults are obtained when taken as soon  
as a cold is contracted. The remedy  
has become settled in the system, which  
can only be done by keeping the reme-  
dy at hand. This remedy is so wide-  
ly known and so altogether good that  
no one should hesitate about buying  
it in preference to any other. It is for  
sale by all druggists.

## TO EUROPE A LA CARTE.

The Hamburg-American Steamship  
company has ordered a 25,000-ton  
steamer, which will carry 14,000 tons  
of freight, 1,200 cabin passengers, and  
2,383 stowage passengers. What is  
most interesting about this new Anak  
of the sea, is the restaurant. Many  
passengers complain of the food fur-  
nished by the steamship company. The  
seasick think that they have trouble  
enough without having to pay for food  
which they can't eat. The dainty pre-  
fer, or believe that they would pre-  
fer, to order their own meals instead  
of submitting to the prescribed bill of  
fare. Tickets for this "liner" will be  
sold "with food" or "without food." The  
passenger can choose the American  
plan or the European plan, ac-  
cording to his purse and fancy. The  
steamer people are becoming alto-  
gether too accommodating. In provid-  
ing new luxuries and extras and  
diminishing the number of things to  
grumble at, they are interfering with  
that by no means small class of ocean  
travelers who can't be happy unless  
they "kick" at all times—Everybody's  
Magazine for October.

## WATERPROOF HATS FOR WOMEN.

One of the latest things to save wo-  
men from the fret and worry of being  
caught in a shower with a new hat is  
the invention of the shower-proof  
hat by a beneficent Austrian genius.  
Celluloid is prepared in a special  
way from which the most delicate and  
artificial flowers of every kind can be  
made. Not only are these flowers beau-  
tiful in appearance, but they are also  
absolutely impervious to the heaviest  
downpour.

These hats are already worn by many  
of the fashionable promenaders in the  
Grand Park at Vienna—London Ex-  
press.

## OPERATIONS NOT ALWAYS NECESSARY.

## Doctors Frequently Mistaken.

"I suffered untold agony with piles for  
over three years. Two doctors told me  
nothing but an operation would cure me.  
I tried different remedies, but nothing did  
me any good until I used Pyramid Pile  
Cure. I bought six fifty cents boxes at the  
drug store, and now I can do my work  
and go out, where before I spent most of  
my time lying down. I thank God for giv-  
ing the discoverer the knowledge to make  
such a cure. I recommend it to all my  
friends, and if I ever have piles again will  
certainly use this remarkably remedy.  
You can use this in any way you wish to  
make known the wonderful merit of Pyra-  
mid Pile Cure." Mrs. Wm. Mucky, 51  
Marshall Street, Elizabeth, N. J.

The experience of this lady is that of  
thousands of others who have been as-  
sured that nothing short of an operation  
would rid them of this distressing com-  
plaint. On the face of it, it appears as if  
too many surgeons operate in order that  
they may keep their hand in, and lose no  
portion of their skill. Then, again, too  
many surgeons are anxious to experiment  
(like the scientist in Mark Twain's  
pathetic story of the dog and her little  
puppy), and do not have proper regard  
for a patient's physical welfare or condi-  
tion.

We advise every sufferer to think twice  
before submitting to an operation for  
piles, and suggest that those interested  
write to the Pyramid Drug Co., Marshall,  
Mich., for their little book on the causes  
and cure of piles, which is sent free for  
the asking.
